sinopé

Works with
Apple Home

COMPATIBLE WITH
Amazon Alexa

works with
Google Home

■ FEATURES

- Color touchscreen showing all key information (weather, time, indoor and outdoor temperatures, etc.)
- Lights up when presence is detected by the proximity sensor (when On Demand mode is enabled)
- Multiple control modes available (heating, cooling, fan, etc.)
- Compatible with utility demand response programs
- Compatible with dual energy
- Number of stages supported
 - Heat pump: supports up to 4 heating stages and 2 cooling stages
 - Conventional: supports 2 heating stages and 2 cooling stages
- Automatic installation configuration detection
- Bilingual interface (English and French)
- Control output for an air exchanger or humidifier, depending on system configuration
- Activate system fan in addition to air exchanger (HRV input)

■ COMMUNICATION

Protocol: Wi-Fi

Standard: IEEE 802.11 b/g/n

Frequency: 2.4 GHz

■ ACCESSORIES

Decorative plate: Enhances the appearance of your installation.

When a junction box is present, the decorative wall plate must be used to ensure proper and safe coverage.

- **Schedule:** set a different schedule for each day of the week, up to 12 periods per day
- **Scenes:** create personalized scenes based on the time of day, events, or activities
- **Energy reports:** monitor your energy consumption and savings in real time
- **Geofencing:** automatically trigger actions based on your presence
- **Voice assistants:** works with Amazon Alexa and Google Assistant
- **Éco Sinopé*:** integrates with Éco Sinopé, helping reduce energy consumption during peak periods and lower electricity costs
- **Alerts:** receive maintenance reminders (e.g., replace the air filter)

*Feature only available in the Sinopé app

■ TECHNICAL SPECIFICATIONS

Operating voltage: 24 Vac

Heating setpoint range: 5 °C to 30 °C [41 °F to 86 °F]

Cooling setpoint range: 15 °C to 36 °C [59 °F to 97 °F]

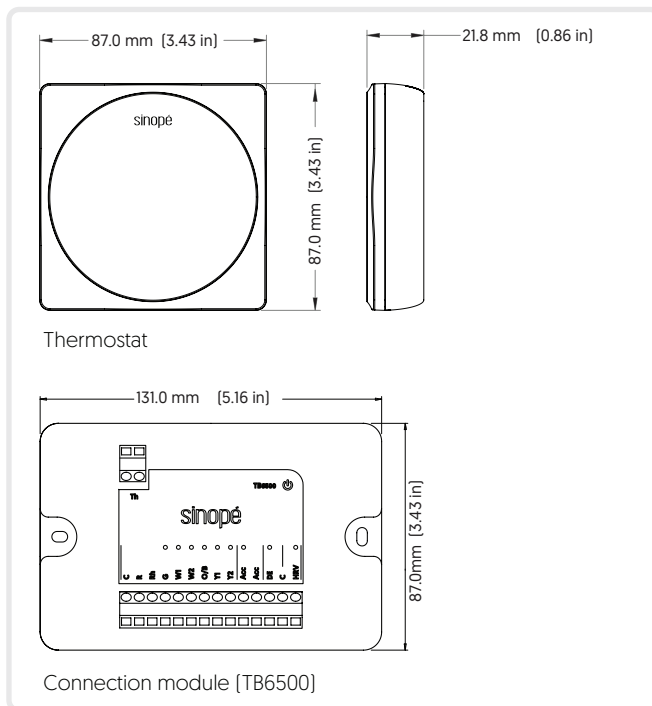

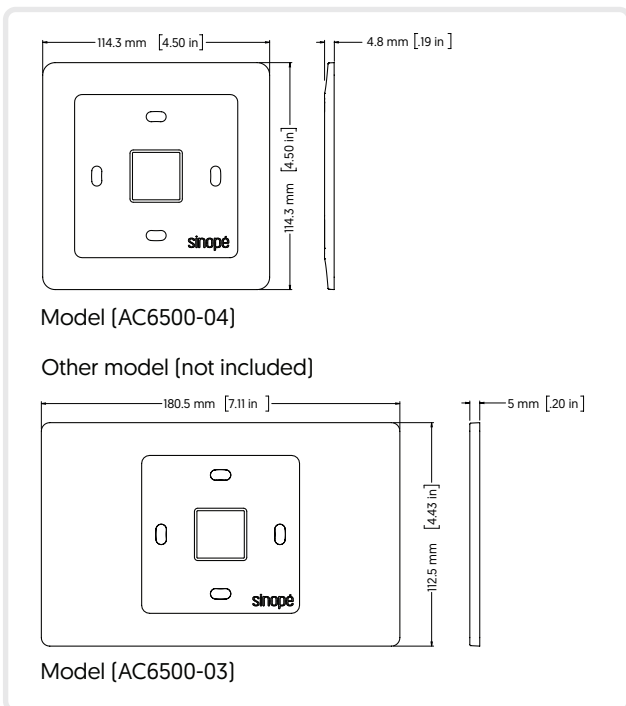

Storage: -20 °C to 50 °C [-4 °F to 122 °F]

Compatible with high-efficiency heat pumps operating at outdoor temperatures as low as -30 °C

Installation: Only 2 wires required between thermostat and connection module

Connection module included (TB6500): Connects directly to the heating system

6-year warranty
